*Snow Drifts* is an annual newsletter put out by the Eastern Pennsylvania Ski Council (EPSC), and is our opportunity to share with YOU some of the exciting things going on this year. After enjoying this edition of *Snow Drifts*, I'd like to invite you to visit our website, [www.easternpaskicouncil.org](http://www.easternpaskicouncil.org), for even more information about EPSC. The site offers benefits to club members, and many of the events we run throughout the year will appeal to any skier or snowboarder living in the mid-Atlantic region. If you enjoy the slopes and are not a member of a club, we urge you to use our website to find one that best fits your needs. We also want to encourage the members in existing ski clubs that are not part of this council to take a look at everything EPSC can offer you, and contact us about membership.

Our discount lift ticket program is one of the most popular benefits that EPSC has to offer members. We have access to excellent lift ticket prices for most of the popular ski resorts throughout New England. Our members also enjoy drastically-reduced lift ticket prices on designated "Ski Council Appreciation Days" throughout the season at many of the most popular resorts in New York and New England. EPSC membership also includes admission into the National Ski Council Federation, where you can find savings on ski or snowboard equipment through a link on our website.

EPSC offers a Winter Carnival trip each year that includes races, happy hours, a banquet dinner, and other great social opportunities – as well as plenty of time on the slopes, of course. Many clubs invite members from other clubs within the council to participate in their trips out west, to New England, and even Europe. You can check our website for postings on available trips, prices and details. If you are new to skiing, we have a free lesson program that takes place on Monday evenings every January. Also, EPSC has partnered once again with PRW Travel Shows to provide an amazing ski and snowboard expo, including the EPSC live and silent auction, on November 4, 2018.

Whatever your ski or snowboard needs are, I'm sure you'll find council programs and a club that are right for you. Our intent is to grow the downhill ski, snowboard, and cross country ski communities while offering great discounts to members. I'm excited for the new season and looking forward to hosting our EPSC events!

### Ski & Snowboard Expo & EPSC Auction

Philadelphia Ski & Snowboard Expo! This annual event takes place **Sunday, November 4, 2018**, from **2pm – 5pm**, at the Crowne Plaza Hotel, 260 Mall Boulevard, King of Prussia, PA (located just behind the King of Prussia Plaza mall area).

This FREE-admission event is open to the public and all ski club members. Here is a great opportunity to meet with and talk to local, western, and European ski resort representatives, tour operators, and other winter sports vendors. Get the latest information on your favorite ski resort! Plus, there are LIVE and SILENT AUCTIONS happening throughout the afternoon – vacation packages, tickets, and gear are some of the many items up for bid.

Kick off the 2018/2019 season at PRW's Philadel-

You are eligible for door prize drawings just for attending! Remember, **admission is FREE**. For more details on this event or to register, visit the auction page of our website.

Auction proceeds benefit EPSC-sponsored programs and select charities. In previous years, donations were made to PA Wounded Warriors, two local Para-Olympic athletes training for the Sochi games, Spring Mountain's ski patrol, and the PA Snowsports Museum in Reading, PA.

## LEARN-TO LESSONS FOR ADULTS

Council's lesson program is hosted each January at Spring Mountain Ski Area. Lessons are free; nightly lift tickets and rentals are offered at a substantial discount. The program is open ONLY to **current** members of EPSC clubs.

In order for students to develop the necessary skills to handle all types of terrain and snow conditions, lessons are held no matter what the weather, as long as the mountain is open!

Each winter, every adult EPSC club member (age 15 or more) is able to participate in Council's FREE Learn-to-Ski program. This program provides newcomers an inexpensive way to learn the sport, and intermediates the opportunity to fine tune their skills. The instructors, who are also members of EPSC clubs, are certified instructors who volunteer their time to teach.

Skill levels taught in these lessons range from those who have never skied before to those making open parallel turns, and students are grouped into classes based on ability levels. Even though we list this program as a "learn to ski," lessons are also open to those who want to "learn to ski better." Our instructors will help build your skills and confidence from one week to the next. Who doesn't want to improve their technique or increase their comfort level on any terrain? So even if you think you're stuck in an intermediate rut, you can benefit from these lessons!

Lesson registration forms are available each fall from club Council reps or via EPSC's website. Current club membership cards must be shown. Participants must sign in at the front lobby registration table prior to each lesson in order to receive their discounted lift ticket and/or equipment rentals. Registration opens at 5pm, lessons start promptly at 6:30pm.

For over 25 years, lessons continue to be held at Spring Mountain, 757 Spring Mount Road, Schwenksville, PA. Rates are \$15 for lifts, and \$25 for a lift / rental package. The program runs for THREE Monday nights: January 7th, 21st and 28th, 2019. Attend just one, or all three!

## LEARN-TO LESSONS FOR KIDS

The Bear Creek Snowsports School offers a **Tuesday Night Youth Lesson Series** at a special discount for all club members in EPSC. This is a great way for kids to learn how to ski or ride or to continue to develop their skills, explore new terrain, and make new friends.

Lessons will be offered to children ages 8 to 14 (must be 8 years old by January 8th, 2019) and open to both skiers and snowboarders. The six-week series begins on Tuesday, January 8th and runs through Tuesday, February 12, from 6:30 to 8pm. The Youth Lesson Series is offered as a six-week series only. No make-up dates will be scheduled unless Bear Creek is closed for the day. The lesson cost to EPSC club members is \$115 for the six-week series (\$145 for non-club members). Six-session lift passes and various other lift or rental packages are available; contact Bear Creek for full details.

Contact the Snowsports School at 610-641-1319 or [snowsports@bcmr.com](mailto:snowsports@bcmr.com) for registration information. Proof of club membership must be presented at time of payment to receive the discounted rate. This series will have limited availability and is likely to fill quickly!

The Discount Lift Ticket program is a members-only exclusive for EPSC clubs! Tickets are available for a number of New York and New England areas. Purchases are made via our website by completing the user-friendly order form. Payment by Pay Pal is encouraged (or mail a check). "The Ticket Guy" verifies your club membership and gets the tickets to you ASAP. Exact details on the program and online order forms will be available to **council members** after December 1st, 2018. If you are not currently an EPSC member, look at the back cover of this brochure to find a club near you. Become a member and save money while enjoying the sport we all love!

Many ski areas offer 'Ski Club / Council Appreciation Days' with discounts on lodging and food as well as great savings on lift tickets. (See info provided on page 5 under 'Discount Days'.) Keep close watch on our site throughout the season as we continually update the info on discounts as we receive it.

*Discount tickets are for use by current EPSC club members ONLY. Tickets are good only for the current season, so limit purchases to what you are sure you can use. Return fees apply for all unused tickets, and the number of returns accepted is limited.*

## FEDERATION BENEFITS for all members

EPSC is a proud member of the **NSCF** (National Ski Council Federation) which currently has 28 councils across the country under its umbrella. In turn, each ski club that is affiliated with EPSC is also an NSCF member. What does that mean to you, the ski club member? You also receive any benefits that the NSCF acquires for its members. Their website lists discounts available to you by simply showing your ski club membership card indicating both EPSC and NSCF membership. (Details of these discounts are in the password-protected Members Section.) [www.skifederation.org](http://www.skifederation.org)

Sharing of information is also a large part of the value the NSCF brings to councils and clubs. Members can see what other clubs and councils are doing, from ideas to increase membership to samples of mission statements and by-laws for a newly-formed club. Whether you are a ski club member or an officer of a club or council, visit the NSCF website to see what is being done for organized skiing.

The **NSAA** is a trade association for ski area owners and operators, representing 325 alpine resorts and accounting for 90% of the skier/boarder visits nationwide. NSAA analyzes and distributes industry statistics, is active in state and federal government affairs, and provides educational programs and training materials on a variety of industry issues and regulations. The association's primary objective is to meet the needs of ski area owners and operators nationwide and to foster, stimulate, and promote growth in the industry. One such promotion is the annual "Learn to Ski/Snowboard Month" in January which encourages kids and adults to learn by taking lessons from professional instructors. [www.nsaa.org](http://www.nsaa.org)

## SAFETY ... simple rules everyone should know!

On the slopes, you may see people using a variety of equipment: alpine skis, snowboards, telemark skis, cross country skis, and other specialized equipment, such as that used by the disabled.

Regardless of how you enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that personal awareness and common sense can help reduce.

Observe the code listed here, and share with other skiers and riders the responsibility for a great skiing experience!

- Always stay in control; be able to stop or avoid other people or objects.
- People ahead of you have the right of way. It is your responsibility to avoid them.

- You must not stop where you obstruct a trail, or are not visible from above.
- Whenever starting downhill or merging into a trail, look uphill and yield to others.
- Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
- Prior to using any lift, you must have the knowledge and ability to load, ride, and unload safely.

### Know the code.

It's your responsibility!

For more on safety, such as helmet use, terrain park "smart style" codes, and more, visit the National Ski Patrol website: [www.nsp.org](http://www.nsp.org)

Also, it's wise to have your skis tuned and bindings checked each season — prior to hitting the snow. Make sure your equipment can handle what winter dishes out!

### Group travel adventures for fun on and off the snow!

Each winter EPSC organizes a "Winter Carnival" trip that is open for ALL members of our affiliated clubs. These annual carnivals typically include a welcome reception, free NASTAR races, an on-mountain BBQ, après ski mixers, and a banquet dinner with music and awards. This is in addition to the usual lift tickets, transportation, and lodging you would expect. Here are details about this winter's Winter Carnival:

### Mount Bachelor, Oregon January 26 - Feb. 2, 2019

Located in the town of Bend, Mount Bachelor offers a full 360° of above-tree line ski terrain from the summit.

Various EPSC clubs have chosen their own lodging arrangements. Packages include motorcoach and air transportation, lift tickets, orientation breakfast, welcome reception with hors d'oeuvres and drinks, lodging, club race with lunch afterwards, and a themed costume dinner banquet/awards ceremony with DJ and dancing. There is also a substantial non-skier discount (no lift tickets). For clubs not running their own Carnival trip, members can sign up with any other club that has openings, or join in our EPSC "Melting Pot" trip, which is available to all.

For more on EPSC Winter Carnivals, check our website or email the Carnival Coordinators at [Carnival@easternpaskicouncil.org](mailto:Carnival@easternpaskicouncil.org)

### Attitash & Wildcat Resorts, NH February 28 - March 3, 2019

This extended weekend trip is not a "carnival", but rather a simple eastern trip open to members of all EPSC clubs. No minimum number of people is required; open to singles, couples, families, and groups. Most clubs have a drive-yourself package. Some are utilizing the service of a motorcoach, as well as offering breakfasts and an apre-ski party. Lodging and lift ticket packages vary, so check the EPSC web site for full details.

Attitash: 68 trails, 11 lifts, 2 mountains  
Wildcat Mountain: challenging 2100 ft. vertical, great scenery

# NOT YOUR PARENTS' SKI CLUB

Too many people under the age of thirty say that although they love to ski or snowboard, and could use some discounts – joining a ski club is just not for them. There seems to be some misinformation when it comes to ski clubs today, and we want to set the record straight. Face it, your generation may not be one of “joiners,” but hear us out before you miss another great season of fun events, excellent trips, and life-long friendships.

**Get the most “bang for your buck” this winter — join a local club!**

Yes, you can't ignore the fact that the majority of clubs do, on the surface, seem to be of an older demographic – but not all of them. There are some clubs that cater to the under-30 crowd! Realize that many clubs who have a large community of veteran members also have a younger side group as well. In fact, some of the clubs with younger members even have their own under-30 meet ups, trips that cater to a smaller budget, and events that are geared to a younger person's interests.

Those in college or recent grads are obviously on a budget, and a ski club can save you lots of money on lift tickets, equipment, trips, and year-round events. Dues are affordable and will usually pay for themselves with the first discount tickets you buy. While you may find yourself eager to participate in club trips and events after you get to know other members, most clubs have no rules about mandatory participation — you decide which trips and events are for you; if there are none, that is fine too.

Membership in an EPSC-member club allows you to purchase lift tickets on your own for resorts throughout the Poconos, New York, and New England. You can gather your friends and create your own trips, saving money on each. Many clubs have members who don't participate in ski or snowboard-related activities. A lot of clubs have very active off-the-slope schedules. Just because you don't want to go skiing doesn't mean you won't find tons of year-round activities that you *do* want to participate in. Clubs tend to gear their activities around the interests of current

members, so join a club and share with them the types of activities you would like to do. Clubs will arrange their trips and events around new needs, as more younger members join. This is your opportunity to get in on the ground floor and help shape a club to YOUR interests!

## COUNCIL FUN DAY ... race, ski, socialize

“Council Day,” featuring the Council Cup Race, is held every winter at a local ski area; this season it is at Montage Mountain in Scranton PA. This fun event, open to all members of EPSC clubs, offers a discounted day on the slopes and the opportunity to run race course gates for a club trophy.

Evolving from a race-specific club day that started in 1959, Council Day is open to **all** club members to come out and enjoy the day, whether they race on a club team or just ski for the day. The turnout has been great as people who would not have raced came out just to enjoy the day on the slopes. Look for details on Council Day, as well as rules and registration for the Council Race, on our website.

**\$25 Club Member Tickets Monday - Thursday**

**Host your next meeting or party at the Mountain!**

Bear Creek offers private options for your club, or designated tables in the lodge on specific club days.

The resort also offers fundraising and promotional table opportunities for your EPSC Member Clubs.

*Not valid on resort holidays.*
