

Nestor's Bootfitters are Whimps!

Like Botox for your boots!

Yeah, Botox!

They can't stand painful skiboosts. They don't believe their customers should have to either. Since 1977 Nestor's has been leading the charge against painful ski boots, winning national awards along the way. Our Boot Fit Tune-up will customize your existing boots for a flat fee that includes padding and/or stretching*. *Footbeds not included.

Nestor's SkiBoot Tune-up: \$50 --- \$35 until **October 31st: Save \$15!**
